CAMPUS CO-DEVELOPMENT
GOAL: Represent community interest and expectations in relationship to the unique missions of all three public higher education providers.
OBJECTIVES:

- Develop a process to better understand higher education needs of all sectors of the community. Use existing data from providers, employers, government, and advisory councils to produce a brief white paper that creates a picture of true community needs, including gaps;
- Work with public providers to understand and advocate for capital improvements;
- Work with the Government Relations Committee to advocate solutions to gaps;
- Contribute to the public higher education institutions' strategic planning processes;
- Serve as a resource to identify and facilitate community partnerships to leverage resources.
